MEMORANDUM FOR THE DIRECTOR OF INTELLIGENCE, U. S. AIR FORCE
Attention: Chief, Air Intelligence Requirements Division

SUBJECT: Evaluation of Intelligence Reports

REFERENCE: (a) AFOIR-CO-10

1. The appropriate offices of this Agency have concurred in the evaluation of USAF intelligence reports, as requested in reference (a).

2. Each report will be evaluated by the office most competent to do so, and reports which do not fall within the dominant field of interest of CIA will not be evaluated. Your department, therefore, should not expect the return of all evaluation cards attached to multiple copies of reports forwarded to this Agency.

3. In furtherance of the principle that field collection facilities can be guided and improved by evaluation by those agencies having dominant interest concerning the subject matter involved, it is requested that the USAF evaluate CIA reports covering material within the purview of the Air Force.
